Hoshiarpur, Punjab, India - 146021

BRIEF SUMMARY

I am Abhishek Raj, a dedicated Frontend Developer specializing in React.js, with proficiency in HTML, CSS, and JavaScript. I also have knowledge and learning experience in the MERN (MongoDB, Express.js, React.js, Node.js) stack. My expertise includes translating design concepts into responsive interfaces, integrating APIs, and optimizing performance for enhanced user experience. I seek to leverage my skills in a dynamic organization that values innovation and growth, aiming to contribute impactful solutions while advancing my own professional development.

KEY EXPERTISE

ReactJS   Javascript   HTML   CSS   Bootstrap   NodeJS   Express.js   MongoDB

Azure Skynet Solutions pvt. Ltd | IT / Computers - Software   01 Jun, 2023 - 01 Jul, 2023
Web Developer

Key Skills: HTML CSS JS

Assist in the development and maintenance of website features and web applications.
Collaborate with designers to implement responsive and visually appealing web pages.
Optimize web pages for maximum speed and scalability.
Write clean, efficient, and well-documented code.

PROJECTS

myskill-webpage   01 Jan, 1970 - 01 Jan, 1970

Key Skills: HTML   CSS

Project Link: https://abhishek12raj.github.io/myskill-webpage/
This project is a simple web page showcasing various skills using images. The design emphasizes visual appeal through styling and interactive elements, enhancing the user's browsing experience.

Music App   01 Jan, 1970 - 01 Jan, 1970

Key Skills: Javascript

Project Link: https://abhishek12raj.github.io/MessageBox/
This Project implements a simple music player with play, next, and previous functionalities, using HTML audio elements.

Message Box   01 Jan, 1970 - 01 Jan, 1970

Key Skills: HTML CSS Javascript

Project Link: https://abhishek12raj.github.io/MessageBox/

This project demonstrates how to build a simple interactive message box using HTML, CSS, and JavaScript. Users can input messages, which are then displayed dynamically on the page, with the ability to submit via both a button and the Enter key. The inclusion of Font Awesome provides visual icons to enhance the UI.

NewQuoteGenerator

01 Jan, 1970 - 01 Jan, 1970

Key Skills: Javascript CSS HTML

Project Link: https://abhishek12raj.github.io/NewQuoteGenerator/

This project is a simple web-based random quote generator. It displays a quote and its author and allows the user to generate a new quote by clicking a button.

PrabhawatiVidyaPeeth(OPEN SOURCE)
Mentor: SineshX

Key Skills: HTML CSS Javascript

Project Link: https://prabhawatividyapeeth.in/lander

I am contributed to this project . Prabhawati Vidyapeeth is an educational institution website designed to provide comprehensive information about the school, its values, academic programs, events, and other relevant details to students, parents, and the community. The site aims to be user-friendly and informative, showcasing the school's commitment to quality education and holistic development.

Weather_App

Key Skills: Javascript CSS HTML ReactJS

Project Link: https://64b2ecc410ab6c39d155524b--strong-lamington-b9856c.netlify.app/

Real-Time Weather Data: Retrieve and display current weather conditions including temperature, humidity, wind speed, and weather descriptions.
Search Functionality: Allow users to search for weather updates by city name or geographic coordinates.
Responsive Design: Ensure the application is fully responsive and optimized for various devices, including desktops, tablets, and mobile phones.
Weather Icons and Backgrounds: Dynamically update icons and backgrounds to reflect current weather conditions (e.g., sunny, rainy, snowy).
Forecast Information: Provide a 5-day weather forecast with daily highs and lows, weather conditions, and precipitation chances.

E-commerse Website

Key Skills: HTML CSS

Project Link: https://abhishek12raj.github.io/e-commersewebsite.github.io/

This is E-commerce website made up of html and css while learning html and css

SnapShort

Key Skills: ReactJS CSS HTML Javascript

Project Link: https://abhishek12raj.github.io/SnapShort/

The React Unsplash Image Search application is a web-based project that allows users to search for images using the Unsplash API. The application is built with React and utilizes Axios for API requests. Users can input a search term, retrieve images related to that term, and navigate through multiple pages of results.

Key Features:

Search Functionality: Users can enter a search term to retrieve images related to their query.
Image Display: The application displays images retrieved from the Unsplash API.
Pagination: Users can navigate through multiple pages of search results.
Dynamic UI Updates: The UI updates dynamically based on user interactions, including search results and pagination.
Technical Requirements:

React: For building the user interface.
Axios: For making HTTP requests to the Unsplash API.
Unsplash API: To retrieve images based on search queries.
CSS: For styling the application.

React-Bootstrap

Key Skills: React Javascript

Description:
The MySchool React Application is a web-based project designed to provide an educational platform with a login feature, a navigation

bar, a carousel showcasing key messages, and a series of informative cards. This project uses React for building the user interface and Bootstrap for styling and responsive design. It also includes a footer with quick links and social media icons.

Key Features:

Navigation Bar: A responsive navbar with branding, search functionality, and dropdown menus for different web development categories.
Carousel: A Bootstrap carousel that highlights important messages and images.
Login Form: A simple login form to capture user email and password.
Informative Cards: Cards displaying various web development topics and descriptions.
Footer: A footer with about section, categories, quick links, and social media icons.

signin-signup Page

Key Skills: HTML CSS

Project Link: https://abhishek12raj.github.io/signin-signup/

A simple and Responsive sign in and signup page linked with ech other.

CO-CURRICULAR ACTIVITIES

- student coordinator of NSS
